

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Khisrawi,

You wanted me to say something after reading the article that reflects

Stephen Hawking's statements about Almighty God.

The first question I have is whether this creation is based on truth, magic or fantasy.

If the answer is truth; we can proceed.

I will review with you some of the verses of the Holy QURAN:

أَنَّ اللَّهَ هُوَ الْحَقُّ الْمُبِينُ . (النور - ٢٥)

Anna Allah Huwa Al Haq ul Mubeen.

Indeed Allah; He is The Truth Most Obvious. (XXIV:25)

Mubeen means Obvious, Clear, Transparent, Manifest and more.

2 Stephen Hawking.

That Almighty God is The Truth is repeated again and again in The Holy Quran.

People need to pay attention and abandon thinking like their fathers. (Quran)

اللَّهُ لَا إِلَهَ إِلَّا هُوَ الْحَيُّ الْقَيُّومُ . (البقرة)

Allahu Laa ilaaha ilaa Hu, Al Haiyul Qayyoom. (II:255)

Allah Is, there is no other god besides Him, The Alive, The Omnipresent.

هُوَ الْأَوَّلُ وَالْآخِرُ وَالظَّاهِرُ وَالْبَاطِنُ هُوَ بِكُلِّ شَيْءٍ عَلِيمٌ . (الحديد - ٣)

Huwal Awal wal Akhiru wa zZahir wal Batin wa Huwa bi Kul Shai-in 'Aleem.

He is The First and The Last and The Apparent and The Hidden and He is Omniscient.(LVII:3)

If Artificial Intelligence can potentially think and perform;

Is not The Ultimate, Manifest, Obvious Truth Omniscient and Omnipotent? He Does as He Wills.

I enjoyed reading what you sent me; he makes many good points.

I think what he is rejecting is Almighty God portrayed as a Super, Super Man.

As I have repeatedly said, because they have read that Almighty God made man in His Image, they think God looks like a fantastic man. It is obvious from the accompanying paintings.

They are totally false and fantasy.

Our cousin wanted to impress us by the paintings on the Sistine Chapel ceiling.

لَيْسَ كَمِثْلِهِ شَيْءٌ . (الشورى - ١١)

Laisa ka mislihi shai-un.

There is not like Him anything. (XLII:11)

The Truth has no images!

Subjective and objective observations are mentioned in the beginning of the article;

Can Stephen Hawking put a value on the care and love he got from his mother?

Can he measure and quantitate it in terms of quantum physics?

If he does; would he not be belittling the love of his mother.

3 Stephen Hawking.

It was her love that saved him, nurtured him, nourished and sustained him.

According to him our galaxy amounts to almost nothing; what would this planet and an individual amount to?

How reliable could any human be in this infinitesimally early stage of his development?

Only if he knew the prediction revealed by The Truth to mankind:

وَفِي أَنفُسِكُمْ أَفَلَا تُبْصِرُونَ (٢١) وَفِي السَّمَاءِ رِزْقُكُمْ وَمَا تُوعَدُونَ . (الذُّرِّيَّةُ - ٢٢)

Wa fiss-Samaa-e rizqukum wa maa tu'aa-doon.

And in the space is you nurture and sustenance and all you have been promised. (LI:22)

(The word Samaa may refer to the sky or the heavens or the space)

He does admit that the universe came into being from nothing; a fact revealed long time ago. (Quran)

The heavens and the earth were joined and He rendered them apart. (XXI:30)

Hawking expresses his gratefulness to his creation in this article.

How does he explain this gratitude? Grateful to whom?

\*\*\*\*

Is it not arrogant to think there is no other being of higher intelligence than man?

\*\*\*\*

Because you have existed you cannot not exist. You will be re-made. (XXX:11)

You will always be and be judged and your Creator The Truth will judge you.

It is not possible for Al Haq not to see and hear and make a judgement and not to respond.

All this has been revealed long time ago. (XXX:27)

Read my letter to Dr. Zakir Naik.

Many people deny God. But it may be the description of Almighty God that they reject.

سُبْحَانَ رَبِّكَ رَبِّ الْعِزَّةِ عَمَّا يَصِفُونَ (الصّٰفٰت - ١٨٠)

Subhaana Ribika Rabil 'Izati 'amaa yasifoon.

5 Stephen Hawking.

Exalted is your Lord, the Lord of Honor from what they describe. (XXXVII:180)

Subhaana is the expression of overwhelming wonder and astonishment at the Greatness and Majesty of Almighty God by a humble human being, who is aware of his place in the universe, .

لَيْسَ كَمِثْلِهِ شَيْءٌ . (الشورى - ١١)

Laisa ka misslihee Shai.

There is not like unto Him anything. (XLII:11)

Thus questions like: show me God, who created God, prove God becomes impertinent.

He Is The truth!

Truth is One. It has no alternatives or a son.

It is your task to know The Truth, Love Him and Worship Him.

Woship being the highest form of showing your love.

Our love for family, friends and possessions are different and so is our love for The Truth.

If I asked whether you would uphold the truth against your parents in a court;

You would say yes. That is the attitude of every honest person.

Is there a difference between one who knows he has a Creator and one who does not?

Is there a difference between one who worships That Creator and one who is oblivious?

That is how you show your gratitude!

When you whisper in your prayer and hear yourself; does He not hear you?

When you are aware of how sincere you are; should The Truth not be?

The Human machine is a million, million times more sophisticated than the rockets;

its cells can reproduce!

Is it not capable of receiving messages from his Creator?

وَنَفْسٍ وَمَا سَوَّاهَا (٧) فَأَلْهَمَهَا فُجُورَهَا وَتَقْوَاهَا (الشمس - ٨)

Wa Nafsin wa ma Sawwaaha (7) Fa Alhamahaa Fujooraha wa Taqwahaa.

7 Stephen Hawking.

And the self, we did perfect it and then inspired it; of its faults and its piety. (XLI:8)

Two things of great importance to remember are: Truth and Love.

Do not be confused by the statement "God is Love"

By your biologic structure you must be convinced that your lord is Perfect.

وَفِي أَنْفُسِكُمْ أَفَلَا تُبْصِرُونَ (٢١)

Wa Fee Anfusikum, Afalaa Tubsiroon.

and in the (structure) of yourselves, why don't you see? (LI:21)

اللَّهُ الصَّمَدُ.

Allahu sSamad

Allah is All-Perfect. (Samad)

The Truth is All-Perfect.

In conclusion as there is Truth there is God.

Note that science, including physics, is based on Truth not vice versa.

8 Stephen Hawking.

Addendum.

Almighty God is closer to you than your jugular vein as Truth is close to you. (L:16)

Man is closely Entangled with his Creator.

Allah is Haqq. (XXII Al Haj: 6, 62)

If you are not truthful what are you full of?

S.H. is concerned about population and famine, scarcity of water and energy; He is assured:

وَفِي السَّمَاءِ رِزْقُكُمْ وَمَا تُوعَدُونَ (الذريت - ٢٢)

Wa Fiss Samaa-ie Rizqokum wa Ma Tu'a doon.

And in the space is your sustenance and That you are promised. (LI:22)

As of today physics has not measured the infinite and eternity.

He lost the bet against Higgs boson discovery.

9 Stephen Hawking.

Albert Einstein did not think the universe is expanding. (LI:47)

and regretted his mistake. If he were aware of: (LI:47)

And he also poo poed quantum entanglement; on which our computers now rely.

Stephen Hawking predicted the mind of god will be known by the end of the century.

That's odd.

He admits things are mind boggling when his mind is joggled.

Wait till physicists experience zogging of the mind.

Some of his statements are assumptions, like the clock in the black hole where time is thought to stop.

Many clocks may have stopped but Time goes on.

قَالَ اللَّهُ تَعَالَى: يَسُبُّ بُنُوَ آدَمَ الدَّهْرَ، وَأَنَا الدَّهْرُ، بِيَدِي اللَّيْلُ وَالنَّهَارُ.

Qala Allah Ta'Alaa : Yasubu Banoo Aadama-d-DHara wa Ana d-Dharu,

Biyadi al - Lailu wa n-Nahaaru.

Says Allah Almighty: Inveighs Son of Man The time and I am The Time!

In my hand is the night and the day.

Hadith Qudsi known for centuries.

S.H. says there was no time before the "Big Bang".

How does he know?

Don't say He is nothing, He is not a thing.

To pray with your eyes closed is forbidden that you keep in touch with reality

and avoid mental images.
